

Optical Fiber Cleaver FC-200 series

Key Features

- ▶ Economical Price
- ▶ Stable Operation by Step-Action Process
- ▶ Compact Design
- ▶ Made for magnesium alloy materials, giving high strength and stability. Small, compact size and light weight.
- ▶ High Precision Blade with 16 Cleave channel

Specification

Fiber type:single fiber, ribbon fiber

Cleaver angle capability $<0.5^{\circ}$

Fiber Diameter: 125umCoating

Diameter: 250~900umCleaver

Angle: 90 +/- 0.5 Cleaver

Length: Single fiber 9~16mm

Blade Life time: 36000 cleaves

Dimensions: 85(W) *64(D) *63(H) mm

Weight: 371g
